FEPRO

[solutions that work]

Mission

At Fepro, our mission is to blend outstanding design and functionality with cost-efficient manufacturing. Since 2005, we've been pioneering the development of smoking ban products and pet waste maintenance systems for urban outdoor use, supplying industry leaders around the globe with functional, high-quality products.

Portfolio

Today, our portfolio features a comprehensive range of signage products as well as our large range of waste receptacles and dispensers for professional use. Our products are made of durable materials such as stainless steel, galvanized steel, and polycarbonate. You can order them as shown or have them customized in line with your branding and packaging requirements.

Your benefits

Functional products with appealing design

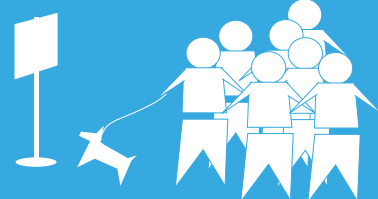

All our products meet the highest quality standards. We develop, manufacture and deliver our products based on specific market needs. This is how we can guarantee perfect functionality and superior design.

Product range and flexibility

As a reseller or direct seller, you will benefit from our large portfolio, flexible order quantities and various product combinations. This will allow you to provide the exact products your customers need while keeping your inventory low and your warehousing costs at a minimum.

Efficient ordering

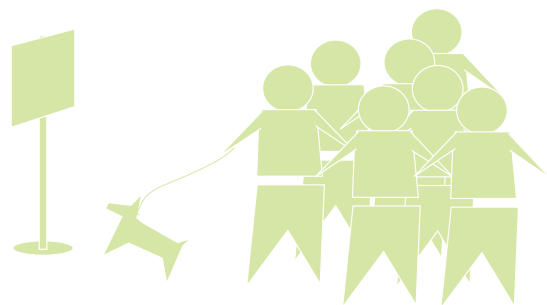

Fepro makes ordering easy and efficient. Our professional customer service team will support you personally throughout the ordering process, update you proactively about your order status and prepare all the documents for a smooth delivery.

Q EZI Info Stand

The Q EZI Stand with Info Frame features a sturdy design suitable for larger signs up to A3 size. With a 50° angled frame that supports both portrait and landscape orientations and our double-lock mechanism for a wobble-free display, it's ideal for high-traffic environments.

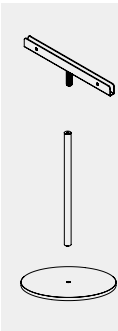

- **Heavy-Duty Construction:** Made from matte black coated stainless steel, weighing approximately 9 kg for stability.
- **Supports Larger Sizes:** Suitable for A3 posters and interchangeable with other formats.
- **50° Angled Display:** Enhances sign visibility at an optimal viewing angle.
- **Orientation Flexibility:** Info Frame allows easy switching between portrait and landscape orientations.
- **Modular System:** Based on the Q Stand system, compatible with other accessories like different sign sizes, barrier belts, and brochure holders.
- **Easy Assembly:** Simple and quick setup process.

Q EZI

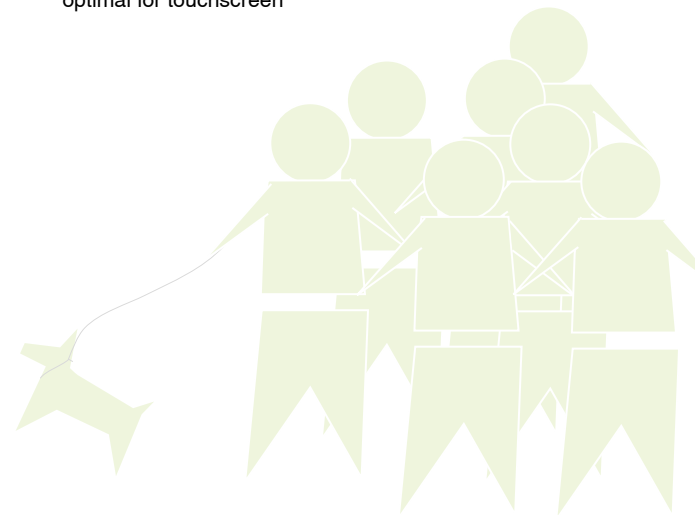

Digital Signage Stand

Q EZI Digital Stand

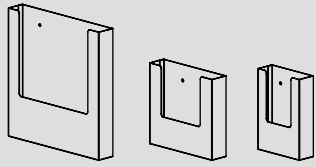

Enhance your product lineup and meet the growing demand for digital signage solutions without technical hurdles and with manufacturer-backed screen warranties. Our modular and robust stand system enables you to offer digital displays with minimal effort—simply integrate any screen with a centered 10x10 cm VESA mount, like the Samsung QB24, and you're ready to go.

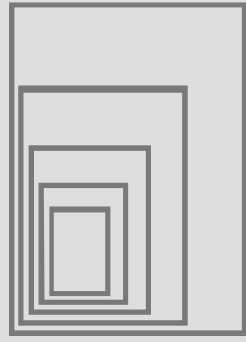

- Stable structure: our double-lock system, enables a wobble-free display
- Modular stand: ensuring you have the right setup for any application.
- Sturdy Base: A heavy-duty base ensures stability in high-traffic environments.
- Easy assembly
- Angled adapter for portrait and landscape orientation, optimal for touchscreen

PLANAR DIGITAL

Digital signage solutions
without technical hurdles

No Electronics Handling:

Our stands are designed to hold digital screens from manufacturers like Samsung. You only need to stock the stands, not the electronic displays.

Lower Inventory Investment:

By stocking only our affordable stands—you keep your inventory costs in check but can offer your customers a complete solution without needing to share profits with a full-solution supplier.

Manufacturer-Supported Warranties:

You buy your screens from manufacturers like Samsung or their authorized distributors when you receive an order, the manufacturer handles all warranty and support for the electronics.

Easy Assembly:

The stands are user-friendly and can be assembled by your customers with ease, reducing the need for technical support from your side.

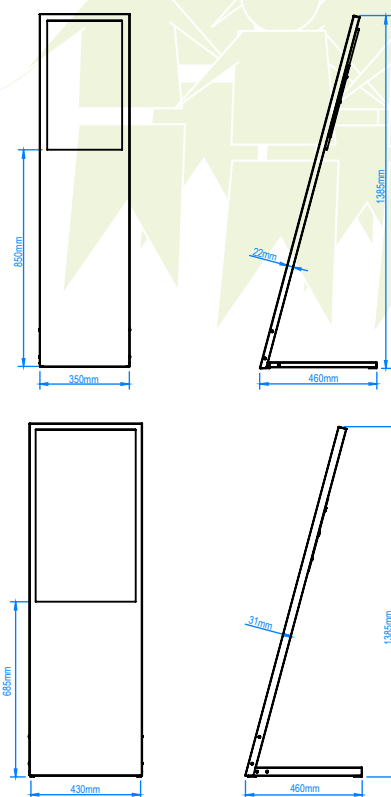

Registered Design

Planar Digital Signage Stands

The Planar Digital Signage Stands are robust and stable, made from thicker materials for increased durability compared to counterparts. Designed to hold Samsung digital signage screens, they can be modified to accommodate other brands based on customer demand. Easy to assemble and shipped flat-packed as parcels, they offer significant advantages over comparable products.

- **Lower Inventory Costs:** Stock the stands without investing in digital displays, reducing expenses. Quick delivery times are achievable since screens can be obtained from the Samsung distributor when orders are received.
- **Expand Product Range Easily:** Offer clients modern digital signage solutions without dealing with electronics or investing in expensive hardware. These affordable stands enable you to provide trending products while Samsung or other brands handle the electronic and software services.
- **Easy Assembly:** End-users can assemble the stands easily, minimizing the need for after-sale support.
- **Flat-Pack Shipping:** Ships flat-packed as parcels, saving on shipping costs and warehouse space.
- **Two Sizes Available:** Comes in 24" and 32" versions
- **Durable Finish:** Available in Black (with a rough, durable coating that's less prone to scratches and dirt) and White.

Planar Info Stand

The Planar Information Stand combines elegance and functionality, offering a high-value display solution ideal for showcasing product information, branding, or schedules.

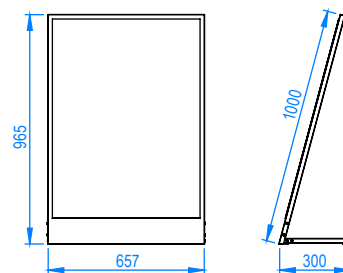

- **Modern and Durable Design:** Minimalist stand made from powder-coated galvanized steel for longevity and a sleek appearance.
- **Versatile Use:** Ideal for displaying data sheets next to machinery, cars, furniture, or for branding with logos—broadening your customer base.
- **Flexible and Customizable Display:** Supports multiple signs. The matte, smooth powder-coated finish is perfect for direct surface printing, applying labels/foils or attaching printed magnetic foils—catering to various client needs and offering additional sales opportunities.
- **Space-Saving Packaging:** Ships flat-packed, 1388.
- **Simple Assembly:** All parts and instructions included.

Harold's selflessness and integrity, it was *On the Wings of Mourning* that I began to read and David's remarkable grace facilitated his entry into my life. Inevitably, however, I realized that I, too, was a part of the tragedy, because my relationship with David was not as close as I had believed it to be. I was shocked to learn that he had been suffering from a serious illness for some time, but I had not known it. I was also shocked to learn that he had been suffering from a serious illness for some time, but I had not known it.

SOHO

Soho

The SOHO model empties cigarette waste directly into an external bin, simplifying maintenance for outdoor settings. Made from galvanized steel with a powder coating or stainless steel, it offers a sleek look and durability.

- **Direct Emptying:** Transfers cigarette waste straight to an external bin, reducing handling time.
- **Durable Construction:** Crafted from galvanized steel with a powder coating or stainless steel for long-lasting use.
- **Safety:** minimizes fire hazards.
- **Cigarette-Specific Entry:** Designed to accept cigarettes only, preventing misuse as a general trash bin.
- **Versatile Installation:** Easily mountable on walls or poles to fit various outdoor environments.
- **Lockable:** Prevents unauthorized access and tampering.

Tower

- For outdoor use: made of stainless steel or Galvanized steel with powder coating. On all models the top is made of stainless steel.
- Reduces smoke emission and danger of fire: Internal container equipped with an oxygen-suffocating-cover. Combo Tower waste and cigarette liners completely separated.
- Easy maintenance: removable internal container. Stub out zone made of stainless steel is easy to wipe.
- Includes a liner for waste (Combo only) and a separate liner for cigarette waste.
- For mounting on solid ground with stainless steel anchors (included in the accessories).
- Holes for cigarette waste are made to fit cigars and cigarettes only - preventing misuse as trash bin
- The inclined top prevents waste from being placed on the bin and keeps it free of snow.
- Lockable

Creating Solutions That Work

Product design and development	• CAD drawings and 3D modeling • Initial samples / prototypes
Manufacturing	We manufacture products made of: • Stainless steel and galvanized steel sheets • Aluminum profiles • Acrylic / plastic sheets
Customization	• Branding • Surface treatment • Packaging
Quality certification	We regularly have our products tested at accredited labs such as Intertek and SGS.
Logistics	We work with the world's leading logistics companies to ensure swift delivery to your warehouse. We will also be happy to cooperate with your appointed forwarder.

We strive to make working with FEPRO as easy as possible. Contact us to learn more about us and how you can benefit from our professional services and manufacturing capability.

ISO / DIN paper sizes in millimeters and in inches

size	A Series Formats		B Series Formats		C Series Formats	
	in mm	in inches	in mm	in inches	in mm	in inches
0	841 × 1189	33.1 × 46.8	1000 × 1414	39.4 × 55.7	917 × 1297	36.1 × 51.1
1	594 × 841	23.4 × 33.1	707 × 1000	27.8 × 39.4	648 × 917	25.5 × 36.1
2	420 × 594	16.5 × 23.4	500 × 707	19.7 × 27.8	458 × 648	18.0 × 25.5
3	297 × 420	11.7 × 16.5	353 × 500	13.9 × 19.7	324 × 458	12.8 × 18.0
